

Shooting Ranges

The following pages include a statewide listing of shooting ranges that are open to the general public. Please contact the shooting range in your area with questions concerning the range, range hours and any fees that may be associated with the facility. This listing is published as part of the DNR's Shooting Range Grant Program.

The DNR shooting range program is a federal grant program that provides 75 percent matching assistance to local units of government and not-for-profit agencies for development and improvement projects on shooting ranges that are open to the public. Funding for this program comes from the Federal Aid to Wildlife Restoration Act, commonly re-

ferred to as the Pittman-Robertson Program. These funds are made available from a small user fee on rifles, shotguns, handguns, ammunition and archery equipment.

The DNR divisions of Fish and Wildlife, Law Enforcement and Outdoor Recreation and the U.S. Fish and Wildlife Service joined together in a cooperative effort to make these federal funds available to local agencies and organizations for their local shooting sports projects. Grant applications are available from the Division of Outdoor Recreation and are due back before Nov. 1. For more information call DNR Law Enforcement (317) 232-4010 or DNR Outdoor Recreation (317) 232-4070.
